midnight magic 2

BY APRIL ROSENTHAL OF PRAIRIE GRASS PATTERNS

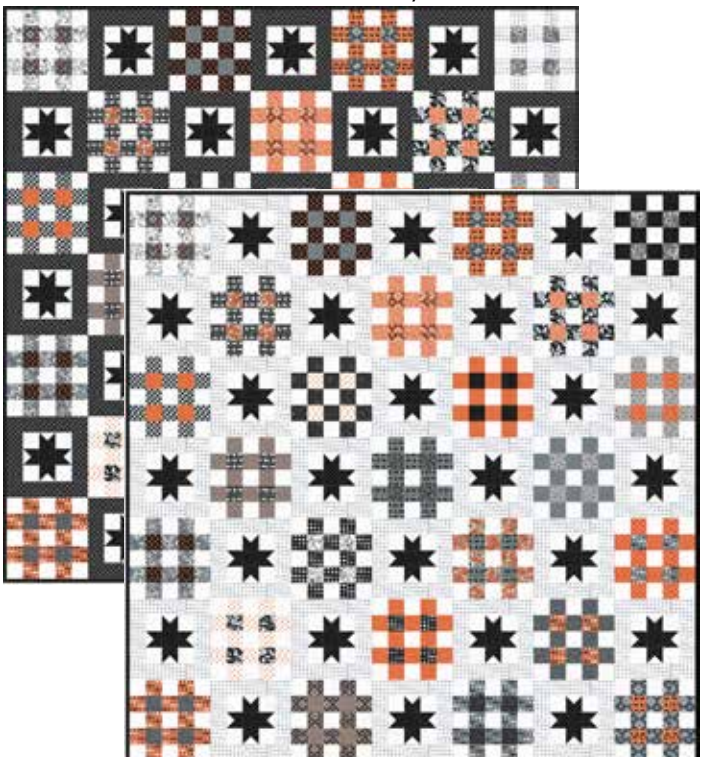

A thin mist drifts across the corn fields, and the wind rustling the dry leaves sends a little shiver up your spine. There's an extra sparkle to the stars, and the moon is bright and full... the time is right for magic!

Midnight Magic II is back, a Halloween collection that suits everyone, even those who don't like Halloween. There are florals, stars, a couple of cute kitties, and Mr. Bones makes an appearance – don't worry, there isn't a spider to be found. I love the elegant shades of grey, black, orange and white have the ambience of fall, and that this collection appeals to kids and adults. I love having these quilts in my home, and I am excited that you'll share in the fun.

Now let's go make some quilty Halloween magic!
